

SPECIAL BLACK –
UTILITY PIGMENT BLACK

MONARCH® 570

MONARCH® 570 is a general purpose carbon black. Compared with other regular color pigment blacks, it has better jetness with good dispersibility. It is suitable for printing inks, adhesives and sealants and other applications.

Product Form: Fluffy

Application Information

Printing Inks

MONARCH 570 is a high structure general purpose powdered pigment black suitable for aqueous newspaper printing inks and a broad field of liquid ink applications. It provides high color intensity with excellent dispersibility in water based flexographic inks.

Other Applications

This pigment black is used also in Adhesives and Sealants, Friction applications, such as brake and clutch linings, and in Dispersion applications.

The dispersibility of MONARCH 570 pigment black depends on the equipment used and the formulation. It is a medium structure carbon black and is easier to disperse compared to products with lower structure in the regular color range.

MONARCH 570 is a fluffy pigment black with a typical bulk density of 235 kg/m³.

Packaging Options

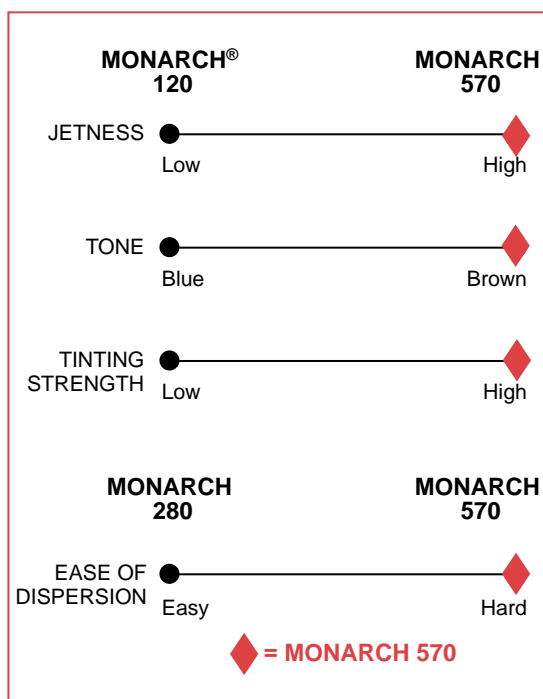

Multi Unit	Intermediate	Bulk
12.5 kg paper	450 kg	Not available
